The Brexit referendum may have been free, but was it fair?

Give votes to the 5½ million excluded from the Brexit referendum

Make future elections and referendums more properly representative!

or <http://bit.ly/2bZk7Zl> (that's an 'el' at the end)

The 5½ million are:

- a) 1.5 million 16- and 17-year olds in the UK (as voted in the Scottish referendum & can vote in Jersey, Guernsey, Argentina, Austria...)
- b) 2.0 million British Citizens living abroad disqualified by the 15-year rule or because never on a UK electoral roll (as in the Conservatives' as-yet unkept "Votes-for-Life" manifesto pledge)
- c) 2.2 million unenfranchised foreigners living permanently in the UK (as would be electors in Jersey, Guernsey, Chile, New Zealand...)

Figures are derived from ONS and UN data for 2014/15. For details, and a PDF of this flyer, visit: <http://bit.ly/2cn7hrO>

The political scene is fragile and unstable because of the Government's small majority with most MPs opposed to Brexit.

Enfranchise the 5½ million urgently!
